VISHNU MURARISETTY

web developer

I'm a recent Electrical and Electronics Engineering graduate with expertise in HTML, CSS, JavaScript, and web development tools. Passionate about creating innovative and user-friendly websites, I'm eager to contribute my technical skills and creative problem-solving to a dynamic web development team. Committed to staying updated with the latest web trends and a strong communicator.

PERSONAL PROJECTS

Hospital Website
- Developed a comprehensive website with information on hospital departments, doctors, trust members, and healthcare schemes. Ensured user-friendly navigation.

Hotel Website
- Designed and built a hotel booking platform with check-in/out availability, room images, restaurant listings, and pricing information. Prioritized an intuitive user experience for guests.

School Website
- Contributed to a school website, providing news, faculty profiles, course details, fee dues, and resources for students and parents.

WORK EXPERIENCE

WEB DEVELOPER (Internship)
MTREE TECH SOLUTIONS

03/2023 - 09/2023   *Nellore*

At MTree Tech , we develop innovative and creative products and services that provide total communication and information solutions .

Achievements/Tasks
- Utilized HTML, CSS, and JavaScript to create responsive website layouts and user interfaces.
- Played a key role in the ongoing enhancement and scalability of the company's website.
